Get set for a busy week of painting and fun!

Hi everyone!! Gran in the Midwest 2010 is fast approaching so please take a look at the fabulous projects Ros Stallcup has created for us, and the five terrific surfaces included in the seminar fee. The Window in Venice, complete with textured background, is painted on the beautiful piece shown in Ros's

new book, Gran's Travels. The Tuscan filigree tray with removable wooden base has a fruit design on it, with space for another design on the back. The verdigris tin pots have lovely new designs of mini flowers and Rockport cottage will be painted on an 11x14 or 12x16 stretched canvas. Rounding out

our week will be the painting of roses and ribbons on your choice of color of a generous designer apron. We still have a few openings, so Ros and I hope you will join us!

Sincerely,

Jane Drynan
